(1) All Parcels shall be taxed at 100% of the Maximum Special Tax Rate.

(2) Residential Maximum Special Tax Rates are applied per square foot of living space to correspond to the date of the building permit. Undeveloped residential lots shall be taxed as a 2,500 square foot home until issuance of building permit.

(3) Non-residential rates are applied per square foot of building area for taxable non-residential improvements to correspond to the date of the building permit.

(4) The Maximum Special Tax Rates increase at the rate of 3% annually commencing with Fiscal Year 1991/92. For each parcel, a Maximum Special Tax Rate shall apply to the square footage of improvements that correspond to the period that the building permit was issued. Each year thereafter, Maximum Special Tax Rates shall remain fixed to the respective square footage levied in the first year. In the case of additions or new construction to any improved parcel, the then current Maximum Special Tax Rate shall be applied to the new square footage only, the Maximum Special Tax Rate shall not change or increase on existing square footage already being taxed. Rates are rounded for presentation purposes

(2) New Residential Units may include parcels that were taxed in previous years as residential lots.

(3) Existing Developed Residential Units are parcels that received building permits in a prior year. One of more of these parcels may have also received a building permit for additional living area since the prior year special tax levy.

(4) Existing Developed Non-Residential are parcels that received building permits in a prior year. One of more of these parcels may have received a building permit for additional building area since the prior year special tax levy.

El Dorado Schools Financing Authority
Community Facilities District No. 1
Fiscal Year 2019/20 Preliminary Tax Roll

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the El Dorado County Assessor's map for the year in which this Report is prepared.

The approval of this Report confirms the rate and method of apportionment and the tax rate to be levied against each eligible parcel and thereby constitutes the approved levy and collection of taxes for FY 2019/20. The final listing of parcels and the final amount of tax to be levied to each parcel shall be based on the District's Rate and Method of Apportionment and the Special Tax Rates approved in this Report and shall be submitted to the County Auditor/Controller, via electronic media, for inclusion on the FY 2019/20 property tax roll for each parcel.

If any parcel submitted for collection is identified by the County Auditor/Controller to be an invalid parcel number for the current fiscal year, updated parcel number(s) will be identified and resubmitted to the County Auditor/Controller. The tax amount to be levied and collected for the resubmitted parcel or parcels shall be based on the District's Rate and Method of Apportionment and the Special Tax Rates approved in this Report. Therefore, if a single parcel has changed to multiple parcels, the tax amount applied to each of the new parcels shall be recalculated and applied according to Rate and Method of Apportionment and approved tax rate rather than a proportionate share of the original tax.
